# ABOUT COMPANY

---

**St Michael Enterprises** is a premier Veteran-Owned Small Business (VOSB) dedicated to delivering high-impact solutions for U.S. federal, state, and city governments. Our expertise spans critical sectors, including diplomacy, defense, and information technology. With a global presence and a commitment to operational excellence, we provide cutting-edge services that ensure mission success in the most complex and high-stakes environments. Our team of experts, led by military veterans, brings unique insights and experience to every project, ensuring quality, innovation, and compliance.

# CORE COMPETENCIES

## DEFENSE SYSTEMS & WEAPONS TRAINING

- Non-Standard Weapons Training:** We offer specialized training for defense personnel, ensuring proficiency in non-standard weapons systems critical to modern military operations.
- Weapons & Ammunition Systems:** Our capabilities include the procurement, supply, and maintenance of advanced weapons and ammunition systems to ensure mission readiness and operational success.

## INFORMATION TECHNOLOGY (IT) SERVICES

- Business Application Solutions (SaaS):** We provide custom cloud-based applications and Software as a Service (SaaS) solutions to streamline workflows, improve efficiency, and enhance government operations.
- IT Infrastructure & Hosting:** Our team delivers robust data processing, web hosting, and secure IT infrastructure services tailored to the needs of federal and defense operations.
- IT Solutions:** Comprehensive IT services designed to support both defense and diplomatic missions, focusing on cybersecurity, data protection, and seamless communication.
- IT Consulting:** We offer expert IT consultancy focused on integrating advanced technology solutions to optimize defense and diplomacy operations.

## CONSULTANCY SERVICES

- **Monitoring & Evaluation (M&E):** We provide professional program evaluation, review, and development services, helping government agencies measure effectiveness and optimize performance.
- **Training & Leadership Development:** Tailored management and leadership development programs designed for defense and government personnel, enhancing their ability to lead in high-pressure environments.
- **Financial Management & Accounting:** Offering consulting services in financial management, accounting, and budgeting to maintain fiscal discipline and ensure compliance.
- **Translation & Interpretation Services:** Professional multilingual services that support cross-cultural communications for government entities.
- **HR Management:** We deliver comprehensive Human Resources Management solutions, including recruitment, employee development, and performance management.
- **Social Media & Digital Consulting:** Expertise in managing media streaming, social networks, and digital content services to enhance government communication strategies.

## LOGISTICS & SUPPLY CHAIN MANAGEMENT

- **End-to-End Logistics Solutions:** Our team manages the entire supply chain process, ensuring timely and secure deliveries of mission-critical resources for defense and diplomatic operations.
- **Facility Management:** We provide maintenance and support for government buildings and defense installations, ensuring operational efficiency and security.

## DATA ANALYTICS & INTELLIGENCE

- **AI & Big Data Analytics:** We leverage advanced artificial intelligence and machine learning to deliver insightful data analysis and intelligence solutions for strategic decision-making.
- **Predictive Analytics & Intelligence Reporting:** Providing real-time data insights and predictive models that support planning and enhance operational success for government agencies.

## ENERGY & FACILITY OPTIMIZATION

- **Renewable Energy Solutions:** Implementing sustainable energy solutions, including solar and wind energy, to reduce operational costs and improve energy efficiency.
- **Facility Energy Optimization:** Strategies to optimize energy usage in government facilities, ensuring cost-effective and sustainable operations.

# MEET OUR TEAM

## Ryan Hoek – CEO

Ryan Hoek, CEO of St Michael Enterprises, is a highly experienced leader with a proven track record in military operations, government contracting, and strategic growth. As a veteran with years of service in the U.S. military, Ryan's leadership is grounded in his deep understanding of defense operations, national security, and the complexities of government missions. His hands-on experience in high-stakes environments allows him to steer the company toward success in delivering mission-critical services.

## Sumera Khan – VP Acquisitions

Sumera Khan serves as the Vice President of Acquisitions at St Michael Enterprises, bringing over a decade of experience in contract management and government acquisitions. Her career has been marked by her ability to secure high-value contracts and develop long-lasting relationships with federal agencies. She specializes in understanding the specific needs of government entities, allowing her to match St Michael's capabilities with the requirements of government contracts.

## Sana Rehman – VP Resources

As the Vice President of Resources at St Michael Enterprises, Sana Rehman is responsible for the optimization of human resources, project teams, and company resources across all government contracts. With over 15 years of experience in HR management and project coordination, Sana excels at organizing large-scale government projects and ensuring that all personnel and resources are aligned with project goals.

## Haroon Haider – VP Compliance

Haroon Haider serves as the Vice President of Compliance at St Michael Enterprises, where he ensures that all operations and projects comply with federal regulations, including FAR, DFAR, and FedRAMP. With a comprehensive background in regulatory compliance, risk management, and legal oversight, Haroon plays a crucial role in minimizing risk and ensuring that all contracts are executed in full compliance with government standards.
